## Statement of Management's Responsibility For Myanmar Technologies and Investment Corporation Public Company Limited

It is the responsibility of the management to prepare the consolidated statement of financial position of the Group (**Myanmar Technologies and Investment Corporation Public Company Limited and its subsidiary**) and statement of financial position of the Company (**Myanmar Technologies and Investment Corporation Public Company Limited**) as at 31 March 2022, the consolidated statement of comprehensive income of the Group and statement of comprehensive income of the Company, consolidated statement of changes in equity of the Group and statement of changes in equity of the Company and consolidated statement of cash flows of the Group and statement of cash flows of the Company for the period then ended, and a summary of significant accounting policies and other explanatory notes. In preparing these consolidated financial statements, the management is required to:

- Select suitable accounting policies and then apply them consistently; and
- Make judgments and estimates that are reasonable and prudent.

The management is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company. We have general responsibility for taking such steps as are reasonably open to us to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

On behalf of Management

U Htin Aung Khine  
Chairman  
Myanmar Technologies and Investment  
Corporation Public Company Limited

U Min Oo  
Board of Director  
Myanmar Technologies and Investment  
Corporation Public Company Limited

## INDEPENDENT AUDITOR'S REPORT

**To the members of the group of Myanmar Technologies and Investment Corporation Public Company Limited**

### **Report on the Financial Statements**

We have audited the accompanying consolidated financial statements of **Myanmar Technologies and Investment Corporation Public Company Limited** ("the Company") and its subsidiary ("the Group") set out on pages 4 to 24 which comprise the consolidated statement of financial position of the Group and statement of financial position of the Company as at 31 March 2022, the consolidated statement of comprehensive income of the Group and statement of comprehensive income of the Company, consolidated statement of changes in equity of the Group, statement of changes in equity of the Company and consolidated statement of cash flows of the Group and statement of cash flows of the Company for the period then ended, and a summary of significant accounting policies and other explanatory notes.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Myanmar Financial Reporting Standard (MFRS) and the provisions of the Myanmar Companies Law. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Myanmar Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the accompanying consolidated financial statements of **Myanmar Technologies an Investment Corporation Public Company Limited** (the “Company”) and its subsidiary (the “Group”) and the statement of financial position of the Company are properly drawn up in accordance with the provisions of the Myanmar Companies Law and Myanmar Financial Reporting Standards so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 March 2022 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and the Company for the financial period ended on that date.

### **Report on Other Legal and Regulatory Requirements**

In accordance with the provisions of the Myanmar Companies Law, we also report that:

- (i) we have obtained all the information and explanations we have required; and
- (ii) the financial records have been maintained by the Company and by its subsidiary as required by Section 258 of the Law.

The financial statements related to the period from 1 October 2021 to 31 March 2022.

---

## **2. Summary of significant accounting policies**

### **2.1 Basis of preparation**

The accompanying financial statements of the Company have been prepared in accordance with Myanmar Financial Reporting Standards and have been prepared under the historical cost convention. In preparing these financial statements, certain reclassifications and rearrangements have been made 30 September 2021 to conform to the classifications used 30 September 2020.

### **2.2 Change in reporting period**

During the period ended 31 March 2022, the Company changed its financial year end from September (i.e. former financial year end) to March (i.e. current financial year end). Accordingly, the financial statements presented are as at and for the six months ended 31 March 2022 and the twelve months ended 30 September 2021. As a result, the comparative figures presented in statements of comprehensive income, changes in equity and cash flows and the related notes are not comparable.

The change in financial year was due to change of financial year enacted by the government.

### **2.3 Basis of measurement**

The financial statements have been prepared on the historical cost convention. The statement of cash flows is prepared using the indirect method. The accounting policies have been consistently applied by the Company and are consistent with those used in the previous periods.

## 2.4 Foreign currency translation

### 2.4.1 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of primary economic environment in which the entity operates (the “functional currency”). The financial statements are presented in Myanmar Kyats, which is the presentation currency of the Company.

### 2.4.2 Transactions and balances

Foreign currency transactions are translated into the functional currency at the exchange rate prevailing on the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement.

## 2.5 Property and equipment

### *Recognition and measurement*

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset. The cost of self-constructed assets includes the cost of materials and direct labour, any other costs directly attributable to bringing the assets to a working condition for its intended use, and the costs of dismantling and removing the items and restoring the site on which they are located.

Any gain or loss on disposal of an item of property, plant and equipment (calculated as the differences between net proceeds from disposal and the carrying amount of the property and equipment) is recognised in profit or loss.

### *Subsequent expenditure*

Subsequent expenditure is capitalised only when it is probable that the future economic benefits associated with the expenditure will flow to the Company. Ongoing repairs and maintenance are expensed as incurred.

### *Depreciation*

Items of property and equipment are depreciated from the date that they are installed and are ready for use, or in respect of internally constructed assets, from the date that the asset is completed and ready for use.

Depreciation is calculated to write off the cost of items of property and equipment less their estimated residual values using the straight-line method over their estimated useful lives.

The estimated useful lives of property and equipment are as follows:

Furniture and fittings	10%
Office equipment	10%
Intangible assets- MYOB Software	10%
Intangible assets- License fee for Network Services and Network Facilities Services	14 Years

Depreciation methods, useful lives and residual values are reviewed at each reporting date and adjusted if appropriate.

## **2.6 Intangible assets**

Intangible assets are carried at cost less accumulated amortization and allowance for impairment loss (if any), Intangible assets with finite lives are amortized on a systematic basis over the economic useful life and tested for impairment whenever there is an indication that the intangible asset may be impaired. The amortization and the amortization method of such intangible assets are reviewed at least at each financial year-end. The amortization expense is recognized in the income statement.

Intangible assets with finite useful lives include MYOB software which have an estimated useful life of 10 years, and Network licenses which would be amortized based on period of contractual rights.

## **2.7 Investments in subsidiary**

Investments are made by purchasing shares 100% in Loyar Myanmar Company Limited, a subsidiary Company of the Company.

## **2.8 Available-for-sale financial assets**

Available-for-sale financial assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, they are measured at fair value and changes therein, other than impairment losses and foreign currency differences on debt instruments, are recognised in other comprehensive income and accumulated in the fair value reserve. When these assets are derecognised, the gain or loss accumulated in equity is reclassified to profit or loss.

## **2.9 Cash and cash equivalents**

Cash and cash equivalents comprise cash in hand and deposits with various local banks.

## **2.10 Dividends**

Dividends are recognized when they become legally payable.

## **2.11 Income tax**

Income tax expense comprises current and deferred tax. Income tax is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in other comprehensive income.

## **2.12 Borrowing costs**

Borrowing costs are recognised as an expense in the period in which they are incurred, except where the borrowing costs relate to borrowings in respect of the construction of qualifying assets, in which case the borrowing costs incurred during the period of construction are capitalised as part of the cost of the assets concerned.

## **2.13 Related party**

Parties are considered to be related to the Company if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions, or where the Company and the other party are subject to common control or significant influence. Related parties may be individuals or corporate entities and include close family members of any individual considered to be a related party.

---

### **3. Significant accounting judgments and estimates**

The preparation of the Company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

---

### **4. Financial risk management**

The Group's financial risk management policy seeks to ensure that adequate financial resources are available for the development of the Group's business whilst managing its risks. The main areas of financial risks faced by the Group and the policy in respect of these risks are set out as follows:

#### Foreign exchange risk

The Group has no significant exposure to foreign exchange risk as financial assets and financial liabilities are mainly denominated in Myanmar Kyats. However, the Group does not hedge its exposures to foreign exchange risk as the risk is not expected to be significant.

#### Interest rate risk

The Group has no significant exposure to interest rate risk through the impact of rate changes on loan receivables which affect the interest income. The Group does not have a plan to hedge the interest rate risk.

#### Credit risk

The Group is exposed to credit risk arises from the failure of counter party to settle its financial and contractual obligations to the Company, as and when they fall due.

The maximum credit risk associated with recognized financial assets is the carrying amount shown in the balance sheet. However, policies had been established by the Group to minimize such risks.

#### Liquidity and cash flow risks

The Group monitors and maintains a level of bank balances deemed adequate by the directors to finance the operation and mitigate the effects of fluctuation in cash flow.

---

### **5. Fund management**

The Group's objectives, when managing its funds, are to safeguard and maintain adequate working capital to continue as a going concern.

## 6. Property and equipment

<b>Myanmar Kyauk Phyu Special Economic Zone Holding Public Co., Ltd</b>		
At 1 October 2021 (1,000 shares)	10,000,000.00	10,000,000.00
Addition	-	-
At 31 March 2022 (1,000 shares)	10,000,000.00	10,000,000.00
<b>Total</b>	<b>10,780,236,443.47</b>	<b>11,496,681,893.47</b>

Myanmar Thilawa SEZ Holding Public Company Limited (MTSH) classified as available-for-sale are carried at fair value, less impairment because the fair value can be reliably estimated using valuation techniques supported by observable market data determined.

Myanmar National Telecom Holdings Public Company Limited (MNTH), unquoted equity investments classified as available-for-sale are carried at cost, less impairment because the fair value cannot be reliably estimated using valuation techniques supported by observable market data determined.

Investment made in Myanmar Payment Solution Services Company Limited (MPSS) which the entity had subscribed to 30% of its capital was again reduced to 20% in the financial period ended 30 September 2019. In the financial period ended 31 March 2022, the total shares issued by MPSS was reduced from 1,000,000 shares to 788,000 shares. The entity holds 25% of the ordinary share capital of MPSS. As per BOD meeting minutes dated 31 March 2022, the management cannot control the power to participate in financial and operating policy. This investment is recognized as an ordinary investment.

Myanmar Kyauk Phyu Special Economic Zone Holding Public Company Limited, unquoted equity investments classified as available-for-sale are carried at cost, less impairment because the fair value cannot be reliably estimated using valuation techniques supported by observable market data determined.

## 10. Loan to related party (Kyat 122,384,036)

The Company provided a loan to Myanmar National Telecom Holdings Public Company Limited (MNTN) dated on 29 April 2020 and 23 September 2020 amounting to Kyat 11,344,774 and Kyat 111,039,262 respectively. The loans are short-term loans and repayable to the Company after twelve months from the date of loans provided and interests are charged at 11.5% and 13% per annum respectively.

After twelve months ended from the dates of above loans, two parties agreed to extend the periods of loans by making the extension agreements as per the following. The repayment schedules for the principal payment are in the end of the loan period and interest will be paid monthly.

Loan and extension periods	Loan periods	Loan (MMK)	Interest rate
29-04-2020 to 29-04-2021	1 year	11,344,774	11.5%
30-04-2021 to 30-10-2021	6 months		
31-10-2021 to 30-04-2022	6 months		
30-04-2022 to 30-04-2023	1 year		
23-09-2020 to 23-09-2021	1 year	111,039,262	13%
24-09-2021 to 24-03-2022	6 months		
24-03-2022 to 24-03-2023	1 year
